Career Re-invention

How to find your purpose and a rewarding satisfying career

Workshop Objectives

You get outstanding benefits such as:

- Comprehensive personality and vocational assessment.
- How to re-invent your career
- Techniques to reduce stress.
- Overall increase in well-being and confidence.
- Workbook and Birkman Method Assessment report.
- Build a satisfying career strategy plan.

About the Workshop

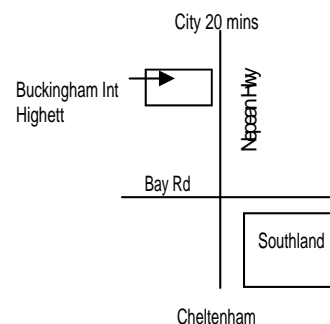

A professional member of Australian Association of Career Counsellors; Shawn Price has a Bachelor of Education, Grad. Dip. Psychology and Post Grad. Dip. Psychology. Shawn also brings 20 years of his personal career journey in the work world and delivers an inspiring workshop packed full of practical methods for people from all walks of life to find their authentic career and life journey. Shawn has certifications in The Birkman Method Vocational Assessment and Emotional Intelligence and will provide participants with outstanding insights into what drives their career choices and how to get their needs met. The assessment provided in this workshop is highly professional, in-depth and provides answers to career themes and directions.
